Dear Dan;

Just a note to thank you, David, and Byron for a beautiful job done on my windows and siding. It made my older home look like a new one. It was a pleasure to work with Mike and Byron, as everything that I requested was handled quick and professionally. I'm sure we all agree that little things sometimes mean a whole lot for future references, etc. down the road.

I would highly recommend your services to anyone interested in siding or windows. Feel free to use me as a reference if you so desire.

Very Truly Yours;

Don Davis
